

Proofpoint Rapid Risk Report

The Proofpoint Rapid Risk Report provides an instant two-week history of the health of your email environment to show threats and attacks that reach end-user mailboxes.

Message counts for attachment and URL threats across an organization's clusters

Get Started Today!

1. Call and email your Office 365 customers. (Use the ready-to-use email template below.)
2. Once the customer is interested, reach out to your Proofpoint Channel resource or request at go.proofpoint.com/rapidriskreport.
3. Register your opportunity and include Rapid Risk Report in the description (partners.proofpoint.com).

Who Are We Targeting?

Microsoft Office 365 customers.

Why Your Customers Will Say "Yes!"

- Email remains the No. 1 attack vector.
- It gives them an instant understanding of what might be bypassing their current email solution.

Process for Your Customer

- Customer grants API Access in just a few clicks.
- Takes five minutes to deploy.
- Provides an instant two-week history.
- Identifies threats facing end users.

Ready-To-Use Email Template

Dear Customer

Many of our Microsoft Office 365 customers are experiencing an increase in spam, phishing and ransomware. Proofpoint offers a zero-cost Rapid Risk Report to show gaps in your current solution and instantly offer reporting from the prior two weeks. The best part is it only takes five minutes to set up.

Proofpoint is a leading email security provider and a recognized leader by Gartner for email security. How would you like to see whether attacks are getting through your current email defense? The Proofpoint Rapid Risk Report gives you instant answers and visibility. We can get you set up in no time. What time would work best for a call to get started?
