THE CYBERSECURITY REPORTER

Activity TRACKER

Use this printable tracker to record the activities you complete during The Cybersecurity Reporter campaign. Review all suggested resources to get the most out of this security awareness initiative:

Complete Week 1 activities for advice on protecting yourself against phishing attacks.

Stay informed in Week 2 with training that can help you understand email defense needs and why reporting phishing emails is so important.

Check out the content in Week 3 to get the scoop on when to report suspicious emails and the factors that should prompt you to do so.

Make headlines in Week 4 and review best practices for reporting suspicious emails and how it keeps you and your organization safe.

WEEK 1

☐ Phishing 101 **NEWSLETTER**

☐ The Lighthouse Keeper: Phishing **LIVE ACTION VIDEO**
